Marelyn,

Could you please add "AR-" to the beginning of each file. I did not know that this was an issue that might cause the process to be hampered. It didn't know that it made a difference when it was decided how to name the docs. Can we also move the documents

I just noticed that I don't have permission to view the contents of the following directory.

Please either give me permission to view the directory or move the documents to a directory that is not protected.

Also, it would be helpful and speed up the process if the pdfs were named using the same naming convention as the previous administrative records (e.g., AR-900.pdf, AR-901.pdf, etc.).

Good morning,

Thanks for the call this morning Sandy. Please go ahead with the job request. We are going out to public comment this Friday and need to have the documents added to the Administrative Record on the Merrimack Station web page by Friday. Jun, you can find the documents at Q:Groups\Merrimack Station\Renotice\ON ADMIN RECORD. Marelyn, record #945 changed, could you add the metadata for that one again? Also Jun, you should be able to copy and paste descriptions of documents from either of the attached documents. Let me know right away if that doesn't work for you or if you don't have access to the Q:Groups folders.

Thanks!
